AMERICAN FORK CITIZEN, SATURDAY, OCTOBER 30, 1915 NUMBER 29

## THE TABERNACLE DEDICATED

Joseph F. Smith Offers the Dedicatory Prayer—  
Three Other Apostles Present.

Conference of the American Fork Fourth Ward to fill this office, Earl S. Greenwood being chosen to fill Bishop Smith's place. An original poem, written on the dedication of the Tabernacle by the mother of Prof. E. M. W. Jones, was sung by the choir to music that was the composition of Prof. Jones. An

## Silver Lake District Makes Fine Showing

Option Said to Have Been Given on  
Bay State Control.

H. W. Owens came down from Silver Lake District Monday and reported that the Jack Armstrong lease on the Wasatch Range mine was showing 14 inches of good clean shipping galena. Besides this, there was two feet of good milling ore. Wednesday the owners of the lease went up in a Ford machine to inspect the strike, these are John Borg, Abner Chipman and Al. Rockhill. As the vein has been showing considerable ore for some time, the strike is thought to be of considerable consequence by local people. The vein is a true fissure in quartzite and will probably make at depth to some of the nearby porphyries. The vein is wide and strong and there is little doubt but with careful sorting of their shipping ore and saving the second class on a dump to be run later by a mill, that the mine could be made a substantial bread winner. The leasers are seriously considering tapping the ore with an upper tunnel.

The Bog Iron leasers are shipping a small car of ore, consisting of a rich, hand-sorted galena containing much gray copper with high silver values. The vein looks strong and healthy and considerable second class ore has made the mill dump look larger.

The Live Yankee lease is now said to be looking extremely favorable for ore.

The Coghorn tunnel is now in the ore-bearing gray lime and this line almost invariably contains ore.

But little news is available from the larger mines, the Pittsburg, Miller, and Texan, but all are working with increased forces and supplies for the winter for these and other properties are steadily going in, the returning camps bringing ore from the Mineral Flat lease, the Bog Iron, the Miller, and the Dutchman.

The Pacific leasers are reported to be giving their supply teams a down-load of ore and intend to ship one car, about half a car was taken out of the upper tunnel a year ago, but the balance is now being taken from the new workings.

Rumors are very persistent, and are based on apparently very good authority, that Salt Lake mining men have taken an option on the contract of the Bay State stock, which option if taken up will call for the payment of at least ten cents per share on over 100,000 shares. The Bay State has some most excellent showings and a little capital will probably develop it into a great mine.

## Mrs. Christina Chadwick Answers Last Call

Came to Utah in 1868, Crossing Plains  
With Ox Team.

Mrs. Christina Jensen Chadwick, wife of the late Thomas Chadwick died at her home in this city, Monday night, from a complication of asthma and kidney troubles from which she has been a sufferer since last January.

Mrs. Chadwick was one of the early settlers of this city, having come from Denmark here with her parents, Mr. and Mrs. Soren Jensen, in 1863. She was born in Denmark April 18, 1863. The family crossed the ocean in a sailing vessel and came from the Missouri River to Utah with ox teams in Capt. Holman's Company. She married Thomas Chadwick by whom she had seven children, Elmer, Mrs. Alice Sunderland of Lahi, Alfred, Bertha, Barbra, Reed and Ida. The father died four years ago. She is also survived by the following brothers and sisters: Mrs. James Armstrong, Mrs. James Cunningham, Mrs. John Bush, Mrs. Frank Blood, Mrs. Niels Nielson, Mrs. Otto Frampton and Cyrus Jensen.

She was a faithful Latter Day Saint, a loving wife and a devoted mother.

Funeral services were held Thursday afternoon at 2 o'clock in the Fourth Ward Chapel.

Patriarch Warren B. Smith took charge of the services, and also spoke. The other speakers were Presidents Stephen L. Chipman and James H. Clarke. The Fourth Ward choir rendered some appropriate anthems, and Miss Ione Smith sang "Rock of Ages."

## Mayor Greenwood Stays on Ticket

Places Where the Voting Booths are  
Located in Each of the Four Districts.

There was considerable flurry the first of week among the Democrats when it was announced that Mayor Earl Greenwood, had announced his intention of withdrawing from the ticket as a candidate for mayor. The Mayor gave as his reason that his new duties as Bishop would absorb all his spare time other than that necessary in the milling business. The committee was hastily gotten together and called on Mr. Greenwood. After a long conference, the Mayor consented to let his name remain on the ticket and make the race, having been convinced that possibly he could attend to the duties of both positions.

Two hundred and thirty-eight names were added to the registration lists last Tuesday in all four districts. The Democrats claim a majority of the new voters, but their contention is disputed by the Republicans, who have confidence of reversing the results of the election of two years ago.

The contest will not be so warm as two years ago. Neither side has made the preparations for the coming campaign. However, there is promise of a lively contest and the question of prohibition will enter into the contest to some extent.

Following are the location of the booths in the four districts where the votes will be cast:

- 1st District—Grant's Store.
- 2nd District—Basement of Beck Hotel.
- 3rd District—E. B. Hawkins' home.
- 4th District—City Hall.

## Changes Made in Two Ward Bishoprics

At the Quarterly Conference Sunday, there were two changes made in ward bishoprics Warren B. Smith, who has served as bishop of the Fourth Ward ever since American Fork was divided into wards was made a stake patriarch. He was later released from his bishopric, which also released his counselors, Earl S. Greenwood was then appointed and sustained as Bishop. His counselors will be chosen and sustained at a special meeting tomorrow. The counselors to Bishop Smith were, Martin Hanson and Samuel Greenwood, the new Bishop's father.

The other change was in the Second Ward caused by the release of John W. Chipman, second counselor to Bishop Storrs, made necessary by Mr. Chipman moving to Salt Lake City. W. S. Chipman was released as second counselor and then sustained as first counselor. Ray Nicholes was sustained as second counselor, caused by W. S. Chipman's release. These new officials will also be installed tomorrow.

ALPINE STAKE PRESIDENCY,  
S. L. CHIPMAN,  
JAMES H. CLARKE,  
ABEL JOHN EVANS.

SJOSTEDT AND KEARNEY  
SETTLE TROUBLES  
The Sjostedt-Kearney-Sjostedt mud-dle which resulted in the arrest of all three participants last week, was settled out of court by all three withdrawing their complaints, and agreeing not to talk to each other any more.  
Frank Sjostedt will retain the money he sold the ten bushels of wheat for, and Kearney will go to Nephi and get his automobile which Sjostedt left there in a disabled condition.
